

## GAI 600W SEMI-AUTOMATIC FILLER AND CORKER BLOCK

Semi automatic monoblock in stainless steel composed by:

- ❑ rotative filler by siphon with 12 places
- ❑ 4040 semi automatic still wine corker in stainless steel that closes the cork slowly to a diameter of 16mm by using 4 stainless steel prismatic guide studs hardened, ground and polished. It creates the vacuum in the bottle neck in such a way that the fast introduction of the cork would not create any pressure and avoid any risks of dripping.

<b>Output</b>	<b>900</b>	<b>litres/hour</b>	<b>(with medium spouts)</b>
<b>Output</b>	<b>1.200</b>	<b>litres/hour</b>	<b>(with big spouts)</b>
