

GAI

5101 - 5102 - 5103 - 5104 - 5106 - 5108 - 5112 - 5118

***F**or flawless packaging, bottles must be perfectly clean and dry when they reach the capsuling and labelling machines.*

GAI's labelling division has developed a series of highly compact machines with outputs ranging from 1,000 to 10,000 bottles per hour. These reliable, original (patented) solutions stand out for the quality of the results they are able to offer.

MODELLO - MODEL		5101	5102	5103
VELOCITÀ - SPEED	b/h	400-1000	400-1600	750-2400
PESO - WEIGHT	kg	625	650	780
POTENZA - POWER	kW	4,4	6,2	6,2
LUNGHEZZA - LENGHT	mm	2210	2210	2410
LARGHEZZA - WIDTH	mm	650	650	750
D	mm	60-115	60-115	60-115
H	mm	170-400	170-400	170-400
